

# Dolly Purse

If you plan to add an outside pocket, closure or embellishments, do so before starting step 1 so that the backside stitches don't show. All seams are 1/4".

1. Cut 2 of Pattern A from outside fabric. Cut 2 of Pattern A from inside fabric. Cut 2 of Pattern B from outside fabric.

2. **Right sides** together sew 1 outside Pattern A piece with 1 inside Pattern A piece. As the diagram shows, **leave an opening** so you can flip it right-side-out. Do the same with the remaining 2 Pattern A pieces.

3. Now right-side-out, press the edges and top stitch just the upper portion.

4. Right sides together sew the tops together with **the D-rings in place**. See diagram. Do this for both sides.

5. Tuck in the open section on the bottom and top stitch the lower half both pieces together, right-side-out.

6. (a) Take Pattern B pieces and sew them **right sides together leaving 1 end open**. (b) Turn right-side-out, tuck raw edge in and top stitch entire perimeter.

7. Pull Pattern B (strap) through D-ring. Fold under edge and top stitch. Do this for each side.
