preppy GIRL vest

Fits 18" American Girl Dolls.

FINDING PINS & NEEDLES
FindingPinsAndNeedles.com

1. Cut out the three pattern pieces. Follow cutting specifications on the pieces to make your fabric cuts.

2. Take your "Front: Left" and "Back" pieces of your outer fabric and pin them right sides together. Sew a 1/4in hem just along the shoulder edge. Do the same with the "Front: Right" and back piece. Repeat the same steps for your lining fabric.

3. You now have only two pieces of fabric, your outer and liner, pin them right sides together. Sew a 1/4in hem around all edges EXCEPT the bottom edge. Leave the bottom edge open as shown on pattern piece.

4. Flip the vest right side out and press. Fold in and pin the bottom open edge and hem the perimeter of the entire vest and arm holes with a 1/4in hem.

5. Where there are dotted circles on the pattern, sew closures. Use a button/button hole, Velcro or snap. Depending on the closure you choose, this vest is reversible.
